

# Every child is Pennsylvania's future

## We believe

- that quality early learning and child development play a major role in a child's future success in school and in life
- that young children learn best when they have proper health and nutrition; a safe and stable family/home life; and activities that stimulate creativity, curiosity, and all the skills they need to succeed
- that every child in Pennsylvania deserves access to quality early learning opportunities and that it is the responsibility of every Pennsylvanian to help our children reach their promise

**We support Pennsylvania's Promise for Children  
because every child is Pennsylvania's future!**
